

NEWS IN 3JM

LEARNING AND FUN IN ROOM 218

FEBRUARY 17TH-FEBRUARY 20TH

DEAR 3JM PARENTS,

Track and Field Day was a blast! I really felt proud of the students of 3JM. They showed excellent sportsmanship and really showed support for one another. We have such a friendly and loving group and it really makes me smile! Thank you to everyone who braved the heat and cheered us on!

In **Math**, students continued to learn about lines, triangles, polygons, and quadrangles. Please review the key vocabulary in the parent letter at the beginning of the unit in Home links. It will really help reinforce what is taught at school. I

have also posted a few new games on the website to help with this unit.

In **Language Arts**, students began their nonfiction unit. Students will be writing informational booklets and will be studying various nonfiction and informational text. We are reading to find the main idea! This week, we learned about the text features of nonfiction books and how author's use different features to convey information. We also learned about adjectives and how they are used to describe nouns.

In **Science**, students investigated rubbings. We talked about texture and how rubbings can make those textures visible. We discussed the best techniques and how rubbing can reveal various patterns, especially in leaves!

Have a wonderful weekend!

Mrs. Jilene Murray and Mrs. Lesley

SCHEDULE THIS WEEK

SUNDAY	DAY
ENRICHMENT, PE	8
MONDAY	DAY
ARABIC, MUSIC, GUIDANCE	9
TUESDAY	DAY
ARABIC, IE, IT	10
WEDNESDAY	DAY
ARABIC, MUSIC	1
