

NEWS IN 3JM

LEARNING AND FUN IN ROOM 218

FEBRUARY 24TH-FEBRUARY 28TH

DEAR 3JM PARENTS,

I would like to say THANK YOU for all for the birthday wishes. The class gift was amazing and it is something that I will treasure forever! My time in Dubai as truly been an awesome experience, thanks to the wonderful families of 3JM!

This week in **Language Arts**, the students learned how to read for information. We are reading informational text and learning how to identify the main idea and details using graphic organizers. In writing, the students have been brainstorming about things they know and practicing how to organize an informational book. We have learned about the text features, such as table of contents, index, glossary, captions, and diagrams. The students will use some of these text features in their own informational books by the end of the unit! Please send in an old magazine on Tuesday, so that we can explore these features more next week!

In **Math** this week, we continued our work on the geometry unit, Unit 6. The students learned how to draw angles, measure angles based on the rotations, and how to find lines of symmetry. Next week, we will explore congruency and discuss polyhedrons.

In **Science**, we have been exploring ideas and inventions. The students had a wonderful time leaning about carbon printing by making fingerprints and identifying the patterns: whorl, loop, and arch. Have your child show you how to make a carbon print!

International Food Festival

This year there will be NO TICKET SALES AT THE DOOR during IFF. Only those who have pre-purchased tickets will be allowed entry. DAAPA will be on campus February 27th and 28th from 7:15 – 8:15 AM and 2:15 – 3:15 PM to sell IFF tickets.

Have a wonderful weekend,

Mrs. Jilene Murray and Ms. Lesley

SPELLING LIST-UNIT 18-REVIEW
