LEARNING AND FUN IN ROOM 218

JANUARY 20<sup>th</sup>-JANUARY 23<sup>rd</sup>

**DEAR 3JM PARENTS,**

This week proved to be another busy week in 3JM! The students were very engaged in the lessons and worked hard!

In **Math**, students took their 6x test. We are almost half way through the times tables. Continue to have your child practice and review the facts. Students will have the opportunity to retest, so practice makes perfect! Additionally, students learned how to read place value to the hundredths place. We also learned about decimals and how to convert them to fractions. There are links to great practice activities on the class website.

In **Social Studies**, the students learned about Bedouins. We discussed the Bedouin history and culture and continued work in our Dubai books. Next week, we will learn about Pearl Diving.

In **Language Arts**, students continued drafting their stories. Many students are working on revising and editing. I am very excited to see the end results! In grammar, the students learned the difference between past, present, and future tense verbs. In Reading, the students are taking close looks at the character’s actions, feelings, and objects to develop a better understanding of the character.

Parent Engagement week is coming up soon. Look for more information about this next week!

Have a wonderful weekend,  
 Jilene Murray and Ms. Lesley
